## • services •

We specialize in providing top-quality legal services to individuals and small and medium-sized businesses.

We perform many services in addition to the ones listed here.

Our initial consultation allows you to meet with a lawyer, discuss your problem and find out what your alternatives are. If you need legal services, we will explain them to you, and estimate what they will cost and how long they will take.

When you need us, telephone or drop in to one of our offices. We'll try to see you right away.

## • payment policy •

We require a retainer before commencing work on your behalf, which amount is paid into trust. We then draw cheques on the retainer to pay out-of-pocket expenses made on your behalf and our fees.

We will advise you of completion of our services to you and ask you to come in and pick up the documentation involved and pay any balance owing at the same time.

In real estate transactions the balance must be paid prior to closing. In litigation and criminal matters any outstanding account and the estimated fee for the appearance must be paid prior to the court appearance.
